

Exercise 5: Sign Me Up

Add a `<form>` element to the bottom of the Kid Space page. The form allows users to sign up for our free newsletter!

Gather the following information plus anything else you want to know:

- Role (Student or Teacher)
- Email (REQUIRED)
- First Name (REQUIRED)
- Last Name
- Date of Birth

Use the **formaction** URL `"#"`, which targets the current page. You will be able to see your form parameters in the browser's URL line (see example below).

I used a CSS style of `"width:8em; float:left"` for the label `<spans>` in my form (see below). Use your creativity in styling your own form.

Sign up for our newsletter!

Personal Information:

Role:

Email:

First Name:

Last Name:

Date of Birth:

December 2016

Sun	Mon	Tue	Wed	Thu	Fri	Sat
27	28	29	30	1	2	3
